Here's the notice that was provided at last weeks public meetings and has now been published in the Libby papers. There are a number of people that are asking how we define the valley. Victor, I've told Brent Shrum with the Kootenai Valley Record to speak with you tomorrow when you're in town. Libby

When I refer to the the Libby Valley, I think of the area which backfill materials are not acceptable for the project. Maybe we could share the map used to define this area.

Subject: Define the Libby Valley - Wood Gathering Question

All,

Now that we have the notice out about not gathering wood in the Libby Valley, we now have received questions about how is EPA defining the Libby Valley? ne of the calls is from a reporter with the Kootenai Valley Record. ow are we defining where they should and should not gather wood and what is consider the Libby Valley in our notice?

Thanks, Libby
